ART UNIT      PAPER

0105

DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The IDS filed on October 2, 2003 was not initialed or signed to indicate it was considered prior to the Notice of Allowance mailed on November 3, 2004. The references listed on the IDS have been considered and an initialed and signed copy of the October 2, 2003 IDS is included with this communication. The references listed fail to teach or fairly suggest a multi-layered composite material where the outer layers are bonded to each other through a middle layer at a plurality of bond sites and the middle layer is not thermally bonded to the two outer layers.
